SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

Improving Food Safety and Defense Capacity at the State and Local Level: Review of State
and Local Capacities

OMB Control Number 0910-0726--Extension

The Food Safety Modernization Act (FSMA) (Pub. L. 111-353) states that a review must be conducted to assess the State and local capacities to show needs for enhancement in the areas or staffing levels, laboratory capacities, and information technology systems. This mandate referenced in FSMA section 110 stating that a review of current food safety and food defense capabilities must be presented to Congress no later than 2 years after the date of enactment (enactment date January 4, 2011). This review was completed in 2013 through this information collection request.

This collection provided a baseline measurement of the nation's current food safety and food defense capabilities; FDA wants to renew this information collection to gather more data. By renewing this collection, FDA will be able to analyze the gaps and trends at the State and local levels, allowing FDA and its partners to develop ways to create a national integrated food safety system.

FDA will conduct the survey electronically, allowing FDA to conduct streamlined analysis while creating a low-burden, user-friendly environment for respondents to complete the survey. Once the results have been tabulated, FDA and its partners can assess the current progress towards an integrated food safety system.

In the Federal Register of August 31, 2015 (80 FR 46025), FDA published a 60-day notice requesting public comment on the proposed collection of information. No comments were received.

FDA estimates the burden of this collection of information as follows:

Table 1.--Estimated Annual Reporting Burden¹

Activity	No. of Respondents	No. of Responses per Respondent	Total Annual Responses	Average Burden per Response	Total Hours
Current State and Local Government Employees	1400	1	1400	1	1400

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

Dated: November 17, 2015.

Leslie Kux,

Associate Commissioner for Policy.
